Areas of Focus

Practice
Health Care

Industry
Health Care

Dan focuses his practice on health care and human service matters including tax, regulatory, corporate and transactional issues, and has represented health care systems, hospitals, human service providers, managed care organizations, accountable care organizations, clinically integrated provider networks, group purchasing organizations, post-acute care providers, medical laboratories, physician practices, pharmacies, and other health care and human service providers. He advises clients on a variety of issues involving fraud and abuse laws, tax-exempt organization matters, state and federal licensure and regulation of health care entities, human service providers and managed care organizations/insurance companies, corporate transactions, mergers and acquisitions, joint ventures, health care contracting, group purchasing and physician compensation.

Dan has presented and written on various health care, regulatory and tax issues affecting the health care organizations including, among others, health care reform initiatives and new payment models, fraud and abuse matters, accountable care organizations, federal tax reform and tax exemption requirements for Section 501(c)(3) hospital facilities under Section 501(r) of the Internal Revenue Code.

In law school, Dan served as a member of the *George Mason Law Review* and as Managing Editor of *The Docket*.
