### Practice

Litigation

Benjamin is engaged in a diverse practice, offering counsel related to myriad litigation matters, as well as with respect to business formation, organization, and capitalization. With a broad client base, he represents clients of varying sizes across many industries.

Benjamin is involved in client matters that encompass every stage of the business life cycle. This includes structuring partnerships and joint ventures, assisting in the resolution of shareholder issues, and the preparation of documentation related to mergers and acquisitions. Additionally, his litigation experience extends to commercial litigation, intellectual property litigation and insurance coverage and fraud.
